Read the lines of the song in English on the screen and continue it in Russian.

Restless flames twist and toss in the stove,
Resin shines on the wood like a tear,
An accordeon sings about love,
And your eyes and your smile reappear.

Read the lines of the song in English on the screen and continue it in Russian.

No birds sing here,
No trees grow.
And only we, shoulder to shoulder,
Are growing into the soil here.
The planet is burning and spinning,
There is a smoke over our Motherland.

Read the lines of the song in English on the screen and continue it in Russian.

Morning fogs along the river creep,
And the girl, Katyusha, young and lovesome,
Comes the river bank that's high and steep.

Read the lines of the song in English on the screen and continue it in Russian.

(It flows) among fields of sprouted wheat, among white snows*

My Volga flows and I'm 17 years old

Thanks for your attention!
